a. Topcodes unless otherwise specified.

b. National mean value is equal to the mean of all values in excess of the respective topcode or bottomcode.

c. The state replacement values are equal to the mean of all values in excess of the respective topcode or bottomcode for each state, except for the topcode for YOB. The topcoded values for this variable are replaced with 1999, which is the national mean of all values in excess of the topcode.
